ABOUT US

Apidae Compassion Care provides quality home support services with the goal to help individuals maintain a sense of independence and dignity while enabling them to stay safe in the familiar surroundings of their home or care facility.

Apidae also provides one-on-one companionship and assistance while in the hospital. Whether hospitalization is required due to an accident, sudden illness or scheduled medical procedure, a hospital stay can be stressful. Apidae caregivers can help reduce stress and loneliness patients may experience by providing one-on-one companionship and assistance at the bedside.
